### **Kevin Smith Joins Environmental Solutions**

Environmental Solutions, Inc. is pleased to announce the addition of Kevin Smith to it's team. Formerly of Hertz Heavy Equipment Rental, in his new position as Senior Marketing Specialist, Kevin will take the helm for internal sales logistics for Environmental Solutions' suite of Pavemend products. "I am very excited about my decision to join the team at Environmental Solutions, Inc. I look forward to growing with the company and furthering its efforts in the green product market. The opportunities are astounding," said Mr. Smith.

Pavemend is a green product that resulted from Environmental Solutions, Inc.'s focus on beneficial uses of by-products. It is utilized as a replacement and repair material for concrete applications typically accomplished with concrete or asphalt and provides a high-strength, cost-effective, rapid repair alternative.

Brenda Robinson, President of Environmental Solutions, Inc. agrees that the opportunities are vast. "The diversity of the Pavemend product means that it can be used for anything from sidewalks and bridge decks to road repair – an important consideration when you ponder the deterioration of streets and highways just in our local area alone. We are delighted to have Kevin on board, aiding us in furthering our efforts to provide innovative and environmentally favorable solutions to our clients and our communities."

About ESI: Since 1990, Environmental Solutions, Inc. (ESI) has dedicated itself to providing environmental solutions integrating innovative processes, state of the art technology, and economics. ESI offers training and consulting, as well as, project development and management, using the Environmental Management Systems (EMS) principals. In addition, the company markets green products created as a result of projects managed by ESI. Environmental Solutions, Inc. is a closely-held, woman-owned business headquartered in Richmond, Virginia. ESI's President, Brenda Robinson, has more than 15 years of experience in a Fortune 500 company and more than fifteen years experience with technology-based businesses and co-founded ESI with her late husband, W. W. "Phil" Robinson. ESI's solutions are applicable, successful, and repeatable, working within your unique organizational requirements. For additional information on how ESI can assist your organization in turning waste (by-products) from a liability into an opportunity, visit us online at [www.envirsol.com](http://www.envirsol.com) or call 804.740.5605.
