PONY PASTURE RAPIDS

Virginia Naturally

is the Commonwealth of Virginia's statewide initiative to promote lifelong learning about Virginia's environment and stewardship of the Commonwealth's natural and historic resources. The Virginia General Assembly has designated **Virginia Naturally** as the Commonwealth's official environmental education initiative.

The Virginia Environmental Business Council, in conjunction with the Virginia Department of Environmental Quality, Richmond Road Runners and Blue Ridge Outdoors has sponsored a Run over the past several years to focus on environmental educational research. All proceeds from this event will benefit the **Virginia Junior Academy of Science**. Founded in 1941, the Virginia Junior Academy of Science encourages Virginia's secondary school students to continue their education in science, engineering and related fields. VEBC will donate the proceeds to the Academy to be used for student's grants for environmentally focused projects. These research grants could lead to full or partial scholarships for the finalists who are selected at the VJAS annual competition.

Join us in supporting this worthwhile cause – and fun event for the entire family. Direct any specific inquiries to Brenda Robinson at (804) 740-5605 or Brenda.Robinson@envirsol.com. Sponsorship levels and information follows on page 2.
